MEDICAL STAFF

BYLAWS & RULES

This publication sets the framework for the working relationship of the medical staff, hospital administration and governing body, and assures legal protections are in place. The *Model Medical Staff Bylaws & Rules* manual stresses quality-of-care responsibilities and accountability. System-wide credentialing and allied health professionals also are addressed.

The manual is consistent with California and federal law, and the applicable The Joint Commission standards. There are optional provisions and alternative selections throughout the bylaws that hospitals can use to prepare bylaws to meet their needs and practices.

The more general rules cover the following:

- Categories of Membership — Qualifications, Prerogatives and Responsibilities
- Appointment and Reappointment
- Committees
- Departments
- Allied Health Professionals

The CD-ROM contains the complete manual text in Microsoft Word and Adobe Acrobat PDF formats. These templates can be customized to meet a hospital's unique needs and practices. The CD-ROM also includes annotated versions that show changes from the previous edition as well as a side-by-side comparison of the CHA Model Medical Staff Bylaws and Rules to the California Medical Association model bylaws.
